ОТ РЕДАКТОРА-СОСТАВИТЕЛЯ

Жанр произведений для виолончели соло находит применение в современном концертном и педагогическом репертуаре; он является обязательным в программах исполнительских конкурсов.

Ранние попытки создать произведения для виолончели без сопровождения относятся еще к XVII веку, когда появились виолончельные ричеркары Дж. Б. дель Антони и Д. Габриэлли, а также «Траттенимента музыкале» (буквально «Музыкальная беседа») Д. Галли. Богатые выразительные возможности виолончели позволили И. С. Баху еще в первой четверти XVIII столетия создать замечательные сюиты для виолончели соло, которые до нашего времени сохраняют свое художественное значение и входят в золотой фонд виолончельного концертного и педагогического репертуара.

Значительно расширяется количество сольных виолончельных произведений в XX столетии. К 1915 году относятся три сюиты для виолончели соло М. Рegera. В том же году была сочинена соната для виолончели соло З. Кодая. Эти произведения, благодаря своим художественным достоинствам и мастерскому использованию инструмента, прочно утвердились в репертуаре концертирующих виолончелистов.

В последующие десятилетия появились произведения для одной виолончели (сонаты, сюиты, фантазии и другие пьесы) П. Хиндемита, Э. Изай, Э. Веллеса, Г. Бантока, А. Шнабеля, Э. Кшенека, Б. Мартину, Б. Бриттена, Э. Блоха, В. Петржелки, А. Ганьдебена, А. Черепнина, А. Хабы, П. Кадоши, А. Жоливе, Ф. Сабо, А. Виеру, Ж. Ибера, К. Илиева, Л. Даллапикколы, а также виолончелистов-композиторов Д. Поппера, Л. Аббате, М. Букинника, Г. Кассадю, Э. Майнарди, П. Базелера, Н. Каржинского.

Внимание данному жанру уделяют и советские композиторы. Кроме авторов пьес, публикуемых в настоящем сборнике, для виолончели соло писали С. Прокофьев (неоконченная соната, ор. 134), Х. Кушнарев, М. Вайнберг, Е. Голубев, В. Фере, Б. Чайковский и другие.

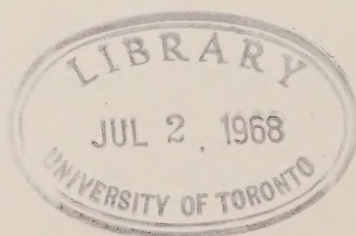

В настоящий сборник входят произведения для виолончели соло, большинство которых может быть использовано и в концертной, и в педагогической практике.

Сборник открывается *Сюитой* немецкого компо-

зителя Георга Филиппа Телемана (1681—1767), в оригинале написанной для виолы да гамба; переложение для виолончели принадлежит Полю Базелеру. *Фуга в классическом стиле* современного польского композитора Владислава Кабалевского (р. 1927) представляет сделанное автором по нашей просьбе виолончельное переложение его скрипичной пьесы. Виртуозный *Каприз в форме чаконь* немецкий виолончелист Юлиус Кленгель (1859—1933) сочинил на свободно использованную тему вступления к сонате для скрипки и фортепиано Р. Шумана (ор. 121). *Импровизация* советского композитора Владимира Власова (р. 1903), сочиненная для виолончели соло в 1961 году, в варианте с сопровождением фортепиано, входила в программу II Международного конкурса имени П. И. Чайковского; этот вариант в редакции М. Ростроповича положен в основу настоящего издания. *Сонатина* венгерского композитора Пала Кадоши (р. 1903) сочинена в 1924 году и обнаруживает близость к стилю его учителя Золтана Кодая. В *Сюите* современного румынского композитора Альфреда Мендельсона (р. 1910), как и в сонатине Кадоши, ярко проявляются народные влияния. То же можно сказать о пронизанной испанскими песенными интонациями и танцевальными ритмами *Сюите* испанского виолончелиста и композитора Гаспара Кассадю (1897—1966), которая была опубликована в 1907 году. В *Токкате* советского композитора Сулхана Цинцадзе (р. 1925) также сказываются народные влияния. Впервые публикуется *Экспромт* другого советского композитора Михаила Лалинова (р. 1902). Сочиненная в 1920 году в Будапеште, *Соната* австрийского композитора Эгона Веллеса (р. 1885) воспроизводится на основе издания 1923 года. Сборник завершается тремя пьесами итальянского композитора Луиджи Даллапикколы (р. 1904) — *Чаконя*, *Интермеццо* и *Адажио*, — написанными в 1945 году и посвященными Гаспару Кассадю; в основу предлагаемой редакции положено вышедшее в его редакции издание 1947 года.

Составитель и редактор данного сборника имел в виду предоставить исполнителям разнообразные по стилю (а также по степени технической трудности) произведения композиторов различных стран мира, которые до сих пор неоправданно мало используются в концертной практике.
